

PRINTKORK

Unendliche Designvielfalt

Printcork ist die Produktlinie von Kork-Naturböden optimiert durch die Verwendung von Kork Composite als Oberbelag. Durch den Einsatz von Digitaldruck erschliesst sich eine unbegrenzte optische Gestaltungsmöglichkeit.

Mittels dieser speziell entwickelten Drucktechnologie und dem Einsatz der neuesten Beschichtungstechnologien ist es LICO gelungen originelle und strapazierfähige Fussböden zu kreieren. Ausserdem wird das Ausbleichen bei direkter Sonneneinstrahlung verhindert.

Vom Kinderzimmer bis zum Objektbereich sind für Printcork keine Grenzen gesetzt.
